

Please select from the drop-down menu whether you propose to modify, remove or leave unchanged the measures included in your RRP, or to add a new measure.	These columns (component name, measure level, measure reference, measure name, parent measure reference, measure type, and cost) contain information as available in FENIX, based on the Council Implementing Decision (CID). Please do not make any changes to the information in these columns (except for new measures in columns B and C).				Please leave empty cells where there is no change as compared to the consolidated RRP. Please fill in this column for modified and new measures.	These columns (parent measure reference, measure type and cost) contain information as available in FENIX, based on the Council Implementing Decision (CID). Please do not make any changes to the information in these columns (except for new measures in columns G and H).			Please leave empty cells where there is no change as compared to the consolidated RRP. Please fill in this column for modified and new measures.	This column contains information as available in FENIX, based on the CID. Please do not make any changes.	Please leave empty cells where there is no change as compared to the consolidated RRP. Please select the climate tag in line with in Annex VI of the RRF Regulation. Please fill in this column for modified and new measures.	This column contains information as available in FENIX, based on the CID. Please do not make any changes.
